PERIMETER CBID™ LAUNCHES WINDOW INTO FIXED INCOME MARKETPLACE

(February 27, 2008) - Perimeter Financial Corp. is pleased to announce the launch of *CanadianFixedIncome.ca* - an online resource providing investment professionals and investors with live fixed income price and yield information. The site can be found at www.canadianfixedincome.ca and will be powered by market data from CBID™ – the firm's electronic fixed income marketplace.

“The investment advisor and investor communities are demanding visibility into the fixed income marketplace” said Chris Jackson, Executive Vice President of Perimeter Financial and Managing Director of Perimeter Markets Inc. “The continued increase in CBID™’s overall activity makes it an ideal source of this information. We believe that market transparency serves to increase market awareness and that this awareness will lead to better pricing, better investment decisions and ultimately an enhanced trading experience for all of our CBID™ marketplace participants.”

Visitors to *CanadianFixedIncome.ca* can access price and yield information updated throughout the day on a selection of active T-bills, Government of Canada, provincial and corporate bonds. In addition, a list of previous day's 4PM EST closing prices is provided on over 3,000 bond issues.

CBID™’s market subscribers are able to shop the product inventories of multiple investment dealers in a single location in real time, searching for the best products and prices for their clients. A growing list of Canada's investment dealers and investment counselors have recognized the significant value of price competition in the fixed income market and have given more than 2,500 advisors direct access to the CBID™ marketplace. The number of leading investment dealers providing product inventory to CBID™ is also increasing to meet the growing demand.

About Perimeter Financial Corp.

Perimeter Financial Corp. develops technology solutions for the financial services industry, including institutional investors, investment dealers and reporting issuers. Through its wholly-owned subsidiary – Perimeter Markets Inc. – the firm operates three electronic marketplaces – BlockBook™ for the Canadian equity block market, OMEGA ATS for the Canadian equity market and CBID™ for the Canadian fixed income and futures markets. Perimeter Markets Inc.- Member CIPF & IDA.

About Our Market Data

Our fixed income prices represent firm offers to sell through the CBID™ fixed income marketplace. Market subscribers have direct access to buy securities based on these prices.

"Today's Markets" windows are updated between 9:00 AM EST and 4:00 PM EST.

"Featured Quotations" highlight lines of particular interest to traders.

Our "Closing markets" represent best offer-side prices as of market close on CBID™. Regular close is 4PM EST. On days prior to holidays, market close is generally 1PM EST. The display highlights closing Canada Benchmarks, and active Corporates, Strips, & Provincials. The tabbed region at the bottom of the page provides select listings from CBID™'s marketplace.

Offer prices represent the wholesale prices that investors can expect to pay to purchase the securities. The term 'Eff. Maturity' is the effective maturity of the security. Call features may make this maturity different from the nominal maturity or the security.

About CBID™

Perimeter CBID™ is Canada's only electronic, multi-dealer Canadian fixed income marketplace operated specifically for the wealth management marketplace. It is operated by Perimeter Markets Inc. - Member of CIPF & IDA - a wholly-owned subsidiary of Perimeter Financial Corp. More information can be found on Perimeter and CBID™ at www.pfin.ca.
